

PROFESSIONAL ASSOCIATION
for LEARNING SUPPORT Inc

The Anne Kennedy Award 2022

NOMINATIONS ARE NOW OPEN

Principals and Head Teachers are invited to nominate that very special teacher in your school who might have the title Learning Support teacher, Diverse Learning teacher, Learning Enrichment etc.

Whatever the title we invite you to nominate the teacher who in your opinion has been exceptional in ensuring that the diverse learning needs of students are met. They work collaboratively with other teachers designing effective programs and support.

Each year it is a challenge to select the winner as so many of our teachers in this role are exceptional. It means a great deal to them that they are nominated. Your nomination shows that you value their work.

The successful teacher is awarded a trophy and complimentary attendance at the Successful Learning Conference run by the University of Sydney. Our closing date allows us to announce the winner at the Conference.

Last year marked 25 years since our Association was formed. The Award is named after our founding President Anne Kennedy. Last year she gave an Address at our Presentation Event for the Award.

Nominations can be made **HERE**, further information available at:
